

COLLAGES

These are some ideas to consider before ordering your collage. If you'd like, send the info to me by email it at vividmemories@charter.net or call at 731 217-8634.

1. The style collage that I want mine patterned after is: _____

2. The images that I want in my collage (as inserts) are:

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

7. _____

3. Do you have a preference for which image is used as the "big" photo (insert) or the background photo? If so, # _____

When selecting your images, consider if you would you like your collage to project a Portrait or Sport image. The attire that your rider wears is a consideration. Inserts with images selected from different show days will normally show different riding attire worn and definitely have different lighting conditions. A collage made from images taken during the same day usually have the same riding attire and, hopefully, fairly uniform lighting conditions. Either way is OK. I will try to blend the lighting conditions as much as possible.

Would you like to have your rider's and horse's name on the collage? If so, their names are:

Would you like the year to show on the Collage or Sports Poster? _____

What finish to use? Lustre or Metallic? _____

These are just a few ideas to consider when planning your Collage. If you don't see exactly what you like in the samples, please contact me. The only additional cost comes from adding extra inserts to the collage than what are shown in the samples.
